General Practice Policies - PLEASE READ CAREFULLY

Appointment Policy

An appointment is considered a mutual commitment between you and your clinician and is subject to personal accountability and responsibility in keeping and managing the appointment. A 24 (twenty-four) hour notice is required to reschedule or cancel your appointment and to avoid automatic billing for payment of your session. Monday appointment cancellations must be received by the previous Friday. Appointments for which you arrive late will still end at the appointed time. As a courtesy, you may receive a reminder phone call, email and/or text for your appointment; however, responsibility for keeping your appointment is ultimately yours. All patients must arrive on time for their scheduled appointment. Failure to do so will result in a fee and rescheduling (if applicable) of the appointment.

Agree and Initial Here _____

Drug Screening Policy

Drug screens are performed on patients when necessary. All new patients and patients who are prescribed controlled substance medications will have an initial drug screen and may be subjected to ongoing and/or random drug screening after. All patients who are prescribed controlled substances either by medical staff or any other third-party providers will be subject to regular drug screening. Any charges that may result from the drug screens will be the responsibility of the patient if not covered by the insurance company.

Agree and Initial Here _____

Payment for Services

If we are not billing an insurance company for your service, the full payment is due at the time of service. Your co-payment and any deductibles and balances, which may apply, will be collected when you check-in. Family Psychiatry accepts cash, debit and all forms of credit cards. Balances and payment arrangements are the patient's responsibility and should be treated as a personal commitment and subject to personal accountability. Credit cards on file may be charged for outstanding balances.

Agree and Initial Here _____

Confidentiality

The practice operates in a "multi-disciplinary" way, meaning that the clinicians function as a team. Therefore, it is important to understand that the information in the chart is accessible to other clinicians in the office in order to provide you with quality and consistent care. However, no information about you or your care will be released to anyone outside the office without your consent or a court order. The only exceptions include suicidal or homicidal risk factors or child/elder abuse or neglect. You will complete a Release of Information that you can use to list person(s) to whom we may have communications with about you, your care and/or financial matters concerning your account. Children (under the age of 17) have the right to confidential exchanges with clinicians. However, if there are issues that pose grave or immediate danger, these issues may be discussed with parents or legal guardians or child protective services.

Agree and Initial Here _____

Contact and Treatment

Our office staff will take messages during regular business hours. Please allow 48-72 (business) hours for a response as clinicians have varied schedules and are not in the office each day. Please do not wait until a crisis to contact our office. We can address routine concerns much more effectively than crisis concerns. You may be asked to schedule a sooner appointment with your provider if our staff cannot address your concerns. Please note that most concerns are best addressed in sessions, and providers cannot be interrupted from treating others to take your calls. If your concern involves a safety issue, please notify our office immediately. If you have an after-hours concern, you may leave a message on our voicemail. If your need is emergent due to safety issues at any time, please call 911 or go to the nearest Emergency Department.

Agree and Initial Here _____

Discharge

If you are "discharged" from the practice you can no longer schedule appointments, get medication refills, or consider us to be your physician/therapist. You must find a provider(s) in another practice. Common reasons for discharge include failure to keep appointments, frequent no-shows, noncompliance with treatment plan or medical advice, verbally abusive or threatening behaviors to any of our staff or failure to pay your outstanding balance. We will send a letter to your last known address, notifying you that you are being discharged. If you have a medical emergency within 30 days of the date on the letter, we may assist you with care options.
